IJSEM International Journal of Systematic and Evolutionary Microbiology

Open Option Order Form

To publish your paper under the Open Option scheme, please complete this form and return it to the Editorial Office by fax (to +44 118 988 1834) or mail (to *IJSEM* Editorial Office, Society for General Microbiology, Marlborough House, Basingstoke Road, Spencers ood, Reading, RG7 1AG, UK) **within 2 weeks of final acceptance of your paper**.

Payment of the Open Option fee of **£1500** (plus VAT where applicable; **£1725** in total) means that your paper will be freely available, without a journal subscription, on the day of online publication. It also means that your article will be available in PubMed Central immediately on publication, with immediate public access.

Full details of the policy of the Society for General Microbiology on author self-archiving are available online at **http://ijs.sgmjournals.org/misc/self-archiving.dtl**

Other conditions of publication are set out in the copyright transfer agreement (**http://ijs.sgmjournals.org/misc/cFORM.pdf**).

By signing this agreement, authors confirm that they accept the following terms.

Articles published under the Open Option scheme are made freely available online immediately upon publication. We have chosen to implement the Creative Commons Attribution-Non Commercial license for articles published under the Open Option scheme. This means that users of articles published under the Open Option initiative are entitled to use, reproduce, disseminate or display these articles provided that:

- The original authorship is properly and fully attributed;
- The journal and publisher are attributed as the original place of publication with correct citation details given;
- If an original work is subsequently reproduced or disseminated not in its entirety but only in part or as a derivative work, this is clearly indicated;
- No articles are reproduced for commercial purposes without the prior consent of SGM and payment to SGM of any appropriate fee.

This policy means that users have unrestricted rights to reuse content published under the Open Option scheme for educational and research purposes but not for commercial purposes.
